

# Controller with Pre-Wired Relay Box

## Easy-Wire

# BARTLETT

— INSTRUMENT COMPANY —

Wiring an environmental controller  
just got easier!

An Easy-Wire is a more affordable package deal. It has **two heating steps** to control unit heaters and controls a variety of cooling equipment, such as single or two speed fans or **proportional ventilation**, depending on the model. All Easy-Wires have **DIF, DAY & NITE** stages. Plus, additional options like a timer/mist function, **dehumidification vent cycle**, high/low temp alarm, and more! The relay box has 30 Amp relays and an easy connection terminal strip.

The GHK12X2 Easy Wire is a pre-wired relay box combined with the GHK12X2 for Louver/Fan style houses. The RWL11X2 Easy Wire is a pre-wired relay box combined with the RWL11X2 controller, designed for Natural Ventilation Houses. All Easy Wires are built custom for your greenhouse.
