MATERIAL SAFETY DATA SHEET

VEGETABLE FERTILIZER

1. Product Identification

Product Name: Vegetable Fertilizer
Description: Fertilizer
Manufacturer: HyR BRIX®
2242 Berlin Station Road
Delaware, Ohio 43015
Emergency & Information
Telephone #: 1-855-497-2749

2. Hazards Identification

This product is NOT known to be a "Hazardous Chemical" as defined by OSHA Hazard Communication Standard (29 CFR 1910.1200)

Precautionary statement: Harmful if swallowed-keep out of reach of children and pets.

Emergency Overview: Contact with skin and eyes may cause irritation.

Potential short term health effects:

Routes of exposure: eye, skin contact, inhalation, ingestion

Eyes: May cause irritation

Skin: May cause irritation.

Inhalations: Dust of this product may cause irritation of the nose, throat, and respiratory tract.

Ingestion: May cause stomach distress, nausea, or vomiting.

3. Composition/Information on Ingredients

<u>Components</u>	<u>CAS#</u>	<u>Percent</u>
Lignosulfonate	1306-05-4	10-40
Potassium sulfate	7778-80-5	10-40
Calcium sulfate	13397-24-5	10-40
Ammonium sulfate	7783-20-2	2-15
High calcium lime	471-34-1	2-15
Gypsum	10101-41-4	2-15
Leonardite	1415-93-6	2-15
Monoammonium phosphate	7722-76-1	2-15
Sulfur	Various	2-15
Zinc	Various	2-15
Potassium magnesium sulfate	14977-37-8	2-15
Sodium chloride	7647-14-5	2-15
Potassium chloride	7447-40-7	0-15
Potassium magnesium sulfate	14977-37-8	0-15
Calcium sodium borate (ulexite)	1319-33-1	0-15
Calcium sulfate, dehydrate	10101-41-4	0-15
Copper oxide	1317-39-1	0-15
Manganese oxide	1313-13-9	0-15
Zinc oxide	1314-13-2	0-15
Iron oxide	1309-37-1	0-15

4. First-aid Measures

Eye contact: Contact with eyes may cause irritation. Flush eye with large amounts of water. If wearing contact lenses, remove lenses. Continue rinsing with water. If irritation continues, seek medical advice.

Skin contact: Irritation is not expected. Wash exposed area with soap and water. If irritation continues, seek medical advice.

Ingestion: Call a poison control center or doctor immediately for treatment advice. Have affected individual slowly drink water. Do not induce vomiting unless told to do so by a poison control

center or doctor. Do not give anything by mouth to an unconscious person.

Inhalation: Move person to fresh air. If person is not breathing, call 911 and administer artificial respiration. Seek medical advice.

5. Fire-Fighting Measures

Flammable properties: Not flammable by OSHA criteria.

Suitable extinguishing media: Use media suitable to extinguish the source of the fire.

Fire fighting procedure: Use procedure suitable to extinguish the source of the fire.

Protection for firefighters: Firefighters should wear self-contained breathing apparatus.

Unusual Fire and Explosion Hazards: None

6. Accidental Release Measures

Environmental precautions: Do not apply directly to waterways or bodies of water.

Methods of containment: Sweep up promptly and put into appropriate container.

Methods of cleaning up. Use broom or dry vacuum to collect material for proper disposal. Rinse area with water. Prevent large spills from entering sewers or waterways.

7. Handling and Storage

Handling: Use good industrial hygiene practices in handling. Avoid container breakage to prevent spills.

8. Exposure Controls/Personal Protection

<u>Components</u>	<u>ACGIH-TLV</u>	<u>OSHA-PEL</u>
Lignosulfonate	Not established	Not established
Potassium sulfate	Not established	Not established
Calcium sulfate	10 mg/m ³	15 mg/m ³
Ammonium sulfate	Not established	Not established
High calcium lime	Not known	5 mg/m ³
Gypsum	Not known	5 mg/m ³
Leonardite	Not known	10 mg/m ³
Monoammonium phosphate	Not known	Not known
Sulfur	Not known	Not known
Zinc	Not known	Not known
Potassium magnesium sulfate	Not established	Not established
Sodium chloride	Not established	Not established
Potassium chloride	Not established	Not established
Potassium magnesium sulfate	Not established	Not established
Calcium sodium borate (ulexite)	2 mg/m ³	Not known
Calcium sulfate, dehydrate	10 mg/m ³	Not known
Copper oxide	1 mg/m ³	1 mg/m ³
Manganese oxide	0.2 mg/m ³	5 mg/m ³
Zinc oxide	10 mg/m ³	15 mg/m ³
Iron oxide	Not known	Not known

Engineering controls: Use adequate ventilation to keep airborne concentrations below recommended exposure standard.

Personal protective equipment:

Eye/face protection: Safety glasses as a precaution against particles entering the eye.

Hand protection: Wear gardening gloves as protection against possible skin irritation.

Skin and body protection: No special requirements.

Respiratory protection: No special requirements unless airborne levels are high or if being used in a confined area, then use an approved NIOSH respirator mask.

General hygiene considerations: Use in accordance with good industrial hygiene and safety practices. Do not eat or drink product. Always wash hands immediately after handling product. Always wash hands before eating or drinking.

9. Physical and Chemical Properties

Physical appearance: Dry, granule
Color: Black to dark gray
Appearance: Granule
Odor: Earthly
Solubility: Appreciable
Flash Point: None, non-flammable

10. Stability and Reactivity

Stable: Stable under normal conditions of storage and handling.
Conditions to avoid: Temperatures over 500°F
Materials to avoid: May include, but not limited to strong acids, aluminum, reactive with oxidizing agents, and alkalis.
Hazardous decomposition products: May include, but not limited to fumes of oxides of sulfur and calcium when heated to high temperatures.
Possibility of hazardous reactions: None

11. Toxicological Information

Acute toxicity: Contact with eyes may cause irritation. May cause skin irritation in susceptible persons. Dust from product may cause irritation in nose, throat, and respiratory tract. Ingestions may cause stomach distress, nausea, or vomiting.

Chronic toxicity: Non-hazardous. Non-carcinogenic.

Toxicity to animals: Avoid spills or release into Waterways. Keep away from all pets and livestock.

12. Ecological Information

Ecotoxicity effects: Not available
Persistence/degradability: Not available
Bioaccumulative potential: Not available
Mobility: Not available
Aquatic toxicity: Not available

13. Disposal Considerations

Waste disposal methods: Waste must be disposed of in accordance with local, state, and national regulations.

14. Transport Information

U.S. Dept. of Transportation (DOT): Not regulated

15. Regulatory Information

CERCLA (Superfund) reportable quantity: None known.

CERCLA (SARA) 313-None known

CERCLA (SARA) 302-None known

16. Other Information

NFPA:

Health: 2 Flammability: 1 Reactivity: 0

HMIS:

Health: 2 Flammability: 1 Reactivity: 0

Rating: 0=Minimal, 1=Slight, 2=Moderate, 3=Serious, 4=Severe

Disclaimer: Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. However, no warranty or guarantee, express or implied is made as to the accuracy or reliability, and HyR BRIX® or any of its affiliates shall not be liable for any loss or damage arising out of the use thereof. In addition, HyR BRIX® or any of its affiliates shall not be liable for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices or from any hazards inherent in the nature of this product. Since conditions of actual product use are beyond control of the manufacturer, it is assumed that users of this product have read and understand the precautionary language and use directions on the product label.
