

## Pelleted, Non-Selective, Residual Herbicide

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMAN AND DOMESTIC ANIMALS

**DANGER.** Corrosive. Causes irreversible eye damage. Harmful if swallowed or if absorbed through the skin. Do not get in eyes, skin, or on clothing.

#### USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing. User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

#### PERSONAL PROTECTIVE EQUIPMENT

Some materials that are chemical resistant to this product are made of any waterproof material. If you want more options, follow the instructions for category A on the EPA chemical-resistance category selection chart.

#### **All loaders, applicators and other handlers must wear:**

Long-sleeved shirt and long pants, shoes plus socks, chemical-resistant gloves, and protective eyewear.

#### USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Do not store near food or feed products. Store out of weather.

Discard clothing or other absorbent material that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

#### ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water used by wildlife and aquatic life, or for domestic and irrigation purposes. Do not apply where run-off is likely or where weather conditions favor movement away from target areas. Do not contaminate water when disposing of equipment washwaters or rinsate.

**Please retain in a safe place for future reference.**

Manufactured for Pro-Serve, Inc.

3390 Winbrook Drive, Memphis TN 38116 (901) 332-7052

#### FIRST AID

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lens, if present, after first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or a doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

Have this product container with you, when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Treat for circulatory shock, respiratory depression, and convulsions, if needed. Emergency contact number: 901-332-7052**

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Avoid contact with floor and moisture.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not refill or reuse container. Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling, if available, or dispose of bag in a sanitary landfill or by incineration if allowed by State or Local authorities.

### IMPORTANT – THIS IS A NON-SELECTIVE HERBICIDE

**This material is not selective in action, may be toxic to all types of vegetation, and may render the entire treated area totally or partially unproductive for one or more years. Care should be taken to continue the use of application to the particular area intended to be treated and to avoid its contact with lawns, trees, shrubs, crops and other desirable plants which are not intended to be destroyed or injured. This includes precautions in treating areas which may be underlaid by roots of adjacent desired growths. Careless application of this material or washing by water run-off to areas where desirable plants are growing, or which will be used for later planting may result in injury to desirable plants. Do not drain or flush equipment on or near such areas.**

**Do not contaminate domestic or irrigation water or waters used by fish and wildlife. Wash clothing and equipment after application. Keep animals off treated area until rainfall has leached all the herbicide into the soil. Mechanical equipment should be thoroughly cleaned after use.**

# BARE SPOT® Monobor-Chlorate for Greenhouse Application

## Pelleted, Non-Selective, Residual Herbicide

### GENERAL PRODUCT INFORMATION

BareSpot® Monobor-Chlorate is designed for non-selective kill of weeds and grasses with a single treatment. Use for quick knock-down of existing vegetation as well as short season effect in the soil for control of regrowth of new seedlings.

### HOW IT WORKS

BareSpot Monobor Chlorate is absorbed by the roots, causing weeds or grasses to turn to brown. Smaller, succulent weeds are affected first. Larger plants will yellow and turn brown at the tips as growth stops. It will take several days before visual signs are noticeable. A residual barrier remains active in the upper soil to control later germinating weeds.

### DIRECTIONS FOR USE IN GREENHOUSES

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State or Tribe, consult the agency responsible for pesticide regulation.

### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is: Coveralls, chemical resistant gloves made of any waterproof material, shoes plus socks and protective eyewear.

**WHEN TO USE:** Use BareSpot Monobor Chlorate anytime during the growing season. Weeds and grasses are easier to kill when they are young and growing rapidly.

**WHERE TO USE:** Apply where bare ground is desired; under plant tables, on walkways and around building perimeters. **DO NOT ALLOW THE PRODUCT OR TREATED GROUND TO COME IN CONTACT WITH PLANT CONTAINERS OR AREAS WHICH MAY BE UNDERLAID BY ROOTS OF ADJACENT DESIRED GROWTH.** Application to these areas may result in injury or destruction of the plant.

**APPLICATION:** BareSpot® Monobor-Chlorate is ready to use! Apply with a hand-operated spreader such as a conventional cyclone type spreader, or a power spreader for larger areas. Apply granules uniformly over the area to be treated. The material becomes effective in the soil followed by rainfall or watering.

Use the following rates of application under most conditions:

KINDS OF WEEDS	APPLICATION RATES
GENERAL	2 lbs./100 sq.ft.*
PERENNIAL	3 lbs./100 sq.ft.**

Approximately 2 ½ cups of BareSpot® Monobor-Chlorate equals 1 lb.

\* As low as 1 lb./100 sq.ft. can be use on young and rapidly growing general weeds.

\*\* As low as 2 lbs./100 sq.ft. can be use on young and rapidly growing perennial weeds.

### APPLICATION CONVERSIONS

	PER 100 SQ. FT. 2 LBS.	PER 100 SQ. FT. 3 LBS.
2 ft. diameter	1 oz.	1 ½ oz.
4 ft. diameter	4 oz.	6 oz.
6 ft. diameter	9 oz.	13 ½ oz.

**NOTICE:** Because of the many varying conditions affecting use and application, such as location, seasonal weather, soil composition and type of vegetation, manufacturer warns buyer that these and other conditions may impair or vary the results or effects of the use of this product. In any event, complete elimination of weeds is not guaranteed. It is advisable to consult your State Extension Service or Agricultural Experiment Station Weed Specialist on specific problems. Neither manufacturer nor seller shall be liable in respect to any injury or damages suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions herein nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms and assumes all risks of usage and handling except when used or handled in accordance with this label. Neither manufacturer nor seller makes, and their employees and agents are not permitted to make, any representations or warranties, express or implied by law, not specifically set forth herein.

**DISCLAIMER:** Pro-Serve, Inc. warrants only that the material contained herein conforms to the chemical description of the label and is reasonably fit for the use therein described when used in accordance with the DIRECTIONS. it is impossible to eliminate all risks associated with use of this product. Injury to desired vegetation, ineffectiveness or other unintended consequences may result because of such factors such as weather conditions, presence of other minerals, soil conditions, or the manner of use or application, all of which are beyond consequential commercial damages, such as loss of profits or values of any other special or indirect damage. Pro-Serve, Inc. makes no other expressed or implied warranty, including any other expressed or implied warranty of FITNESS or of MERCHANTABILITY.
