Visible and Hidden Damages: Please closely inspect all boxes before you sign for them. Note all damages on the shipping documents. Most freight companies will honor only those claims listed on the original shipping documents. For Grower Truck deliveries, please note on the BOL when signing for the delivery. FedEx: Plantpeddler has negotiated aggressive discounts with FedEx, and they serve as Plantpeddler's primary parcel shipper for Young Plant products. Cold weather priority shipments are dropped directly at the FedEx terminals. Plantpeddler works closely with FedEx to insure dependable and timely shipments to your door. UPS is an option. If UPS is desired, please specify on orders. UPS ships at grower's risk. Grower Truck Program: Plantpeddler has expanded their Grower Truck service. This method insures the highest quality product reaches your greenhouse. Grower trucks are climate controlled, decreasing the chances of plant material freezing or being damaged in transit. When possible please use the even and odd weeks for all zones to insure Grower Truck service. Increased truck service occurs during peak weeks. Plantpeddler will contact the broker/grower to help adjust the delivery dates to insure truck service. Grower Truck standard routes are "Even Weeks East" and "Odd Weeks West". See Plantpeddler catalog for more information. Unless specified on the order, product is cart delivered. The cart must be unloaded at the time of receipt unless arrangements have been made with Plantpeddler prior to delivery. If you do not have the ability to handle carts, please note that on your order. Winter box rates will apply for all boxed product on grower trucks. Routes are subject to volume requirements per region per route. Pooled truck delivery is available for small order volumes. Please ask for Grower Truck rates.</p>
<p>Cold Weather Shipping: Plantpeddler has no control over weather and shipping perils which may delay or damage products. We are committed to making every effort to ensure lowest cost, but secure delivery. During cold shipping periods winter boxing and heat packs (at a minimal cost) will be utilized to protect shipments. If the low temperature at the receiving facility is sub-freezing, we will use priority/overnight delivery options. Call Carlin Sales if you wish to delay shipping or use a lower cost (slower) method. Please note you will assume the risk for frozen and/or overgrown product.</p>
