DuraBella® is Different

- Having the right ingredients is the first step in creating a successful recipe, a DURABELLA® is exactly that
- Each two and three plant recipe is a combination of varieties that were tested for great performance, blend well together and last for the garden consumer
- DURABELLA® - When you want colorful combinations that blend well and last longer

Watercolors™
Petunia Ray™ Sunshine Imp,
Calibrachoa Ombre™ Pink,
Verbena Vanessa™ Com. Bicolor Rose

TWO PLANT COMBINATIONS

Low input cost with premium look helps to elevate the perceived value of promotional items

Plant liners in the middle
Use only one liner of each item in the recipe

They will grow & blend well
Finishing at the same time as a traditional 4 or 6 liner planting

Less plants = Less \$ input
A less dense root ball for lower water use and more longevity for the consumer

Petunia RAY™ Sunshine imp.
Petunia CASCADIAS™ Purple Gem

Amethyst Attraction™

Cheers to You™
Calendula Cheers™ Tangerine,
Cheers™ Yellow

Color Spark™
Verbena Vanessa™ Compact Bicolor Rose,
Vanessa™ Compact Bicolor Purple

Dakota Sky™
Petunia Cascadias™ Indian Summer,
Cascadias™ Purple Gem

New 22

THREE PLANT COMBINATIONS

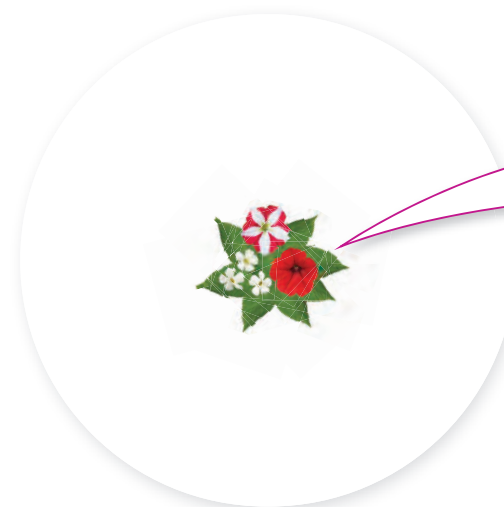

Plant liners in the middle
Use only one liner of each item in
the recipe

They will grow & blend well
Finishing at the same time
as a traditional 6 or 9
liner planting

Less plants = Less \$ input
A less dense root ball for lower
water use and more longevity
for the consumer

Petunia AMORE® King of Hearts

DANZIGER Annuals

Danziger uses a delicate mix of art and science to create quality annuals that consumers love while also focusing on what growers need to be successful. Breeding for increased weather tolerance, disease resistance and controlled growth helps to minimize the use of plant growth regulators (PGRs) and other chemical applications, increase productivity in the greenhouse and maximize sell through at retail.

Which Calibrachoa Series Should I Use?

All Danziger Calibrachos will bloom in a 10 hour day

LIA™

The “BASKET” type

- Well-suited for hanging baskets
- Ideal for combinations
- Available in both solid and novelty patterns

EYECONIC™

The “EYE” type

- Large eye type blooms with tight internodes = major flower power
- Controlled semi-trailing habit
- Great in baskets and combinations

OMBRE™

The “MULTI-COLOR” type

- Similar in habit to LIA
- Beautiful blend of several colors on each plant
- Works well in combinations

COLIBRI™

The “CONTROLLED GROWTH” type

- Little to no PGR needed
- 6 pack and small pot friendly, very versatile
- Makes a tidy hanging basket

Colibri™ Dark Lavender

COLIBRI™

Calibrachoa hybrida

Scan me

- Controlled habit, little to no PGR needed
- Well-branched
- Tested for pH sensitivity
- Blooms in a 10 hour day

Steve Rinehart's lifelong passion for poinsettia breeding pairs with Danziger's commitment to excellence in production, quality, and service. Our farm in Guatemala, convenient to the North American market, will supply Steve's unique selections, offering growers the reliable solutions they need for their holiday crops.

POINSETTIA

Danziger is proud to cooperate with worldwide leading poinsettia breeder Steve Rinehart. Rinehart Poinsettias are being produced for the NA market by Danziger Guatemala.

- Natural product timing
- Well branched habits
- Strong upright stems for less breakage
- Heat Tolerant
- High performance under cool growing conditions

DANZIGER Perennials

First Year Flowering no Vernalization
or Bulking Required

Danziger is proud to be a founding participant in the ThinkPlants initiative for the North American market, offering a diverse mix of top quality URC, bareroot, liners and seed items.

ThinkPlants™ participants represent a dedicated team, including plant breeders and other horticulture experts, seamlessly connected to a supply chain.

All vegetative product in the ThinkPlants lineup is produced and supplied through Danziger Guatemala.

All Danziger genetics are first year flowering. This means that they have not bulking or vernalization requirements but can also be produced through traditional means.
