Zone 1 - Tallahassee, Lake City, Jacksonville

Zone 2 - Gainesville, Tampa, Orlando

Zone 3 - Ft. Meyers, Port Lucie and points south

We deliver using FedEx Freight. Customers must have a forklift or loading dock to unload. If customers do not have a forklift or loading dock, we can arrange for a lift gate delivery, but this must be noted at time of order. There is an extra \$75 charge from FedEx for the liftgate truck.

FedEx Surcharge to Select Zip Codes - FedEx Freight has additional surcharges to certain zip codes in North Dakota, Texas, Illinois, and Washington state. We must add these charges to the freight charge to these areas. These are flat rate additions per shipment, and do not change with the size of the order.

Please refer to the list below for a list of affected zip codes. For those looking for more information, this excerpt is from page 23 of the FedEx Freight 100-V Rules Tariff publication.

Pope's Shipping

All shipments are FOB Maryville, TN. Customers must be able to accept a semi, and have a forklift to unload at time of delivery.

First Ship Date Map - We ship by FedEx Freight, which is unheated. We use heat packs in shipments to extend the shippable temperature range to the upper twenties, but shipping is severely limited to northern and western customers during the winter months. The temperature needs to be suitable at our greenhouses in East Tennessee, at the final destination, and at all the places in between in order for us to ship. We always ship on Mondays to make sure plants are never in transit over the weekend. We watch the weather closely try to give good notice for delays, but we will pull shipments as late as Monday morning if the weather has changed over the weekend.

The suggested first ship date map below lets customers have reasonable expectations about when they can receive their first order. It may still be cold after these dates and we will still watch the weather, but the likelihood of delay is much less after these dates.

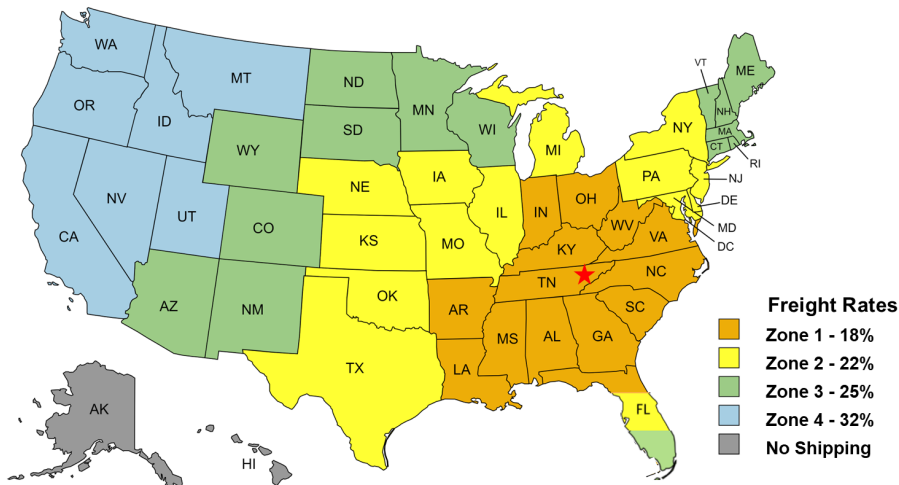

Spring shipping begins on different dates depending on the area. You can request a ship date after the date on this chart.

We always ship on Mondays, and shipping is weather permitting.
